

CAMS MEDIA ACCREDITATION POLICY

Updated: January 2019

1. Purpose

- (a) CAMS is the peak governing body of motor sport in Australia.
- (b) CAMS recognises that recording of media at Events is an important part of motor sport in Australia and that to record those events, special access is often required.
- (c) The purpose of this Policy is to:
 - (i) Provide a process for issuing individuals with CAMS Media Accreditation.
 - (ii) Outline CAMS requirements for all individuals with CAMS Media Accreditation.
 - (iii) Give guidance to individuals who attend Events.

2. Interpretation and Definitions

2.1 Interpretation

The rules for interpretation stated in section 6 of the NCRs will apply to this Policy unless stated otherwise.

Definitions

2.2 Capitalised terms used in this Policy have the meanings stated below and in the NCR unless stated otherwise:

- (a) Accreditation Level has the meaning given to that term in clause 4.2.
- (b) CAMS Media Guidelines means the guidelines stated in schedule 1.
- (c) CAMS Media Accreditation means an accreditation issued by CAMS to an individual in accordance with this Policy.
- (d) NCR means the 'National Competition Rules' as published by CAMS and as may be amended from time to time.
- (e) Policy means this 'CAMS Media Accreditation Policy' as amended from time to time.

3. Application

3.1 Application of Policy

- (a) This Policy applies to those applying for, holding or who have held CAMS Media Accreditation. It may be amended from time to time by CAMS.
- (b) CAMS may, in its sole discretion, delegate any or all of its powers under this Policy, including but not limited to the power to adopt, apply, monitor and enforce this Policy.

4. Accreditation

4.1 Process

- (a) Individuals may apply to obtain CAMS Media Accreditation at any time. Applications are to be made to the media manager at CAMS.
- (b) Applications must be made on the CAMS Media Accreditation application form and must comply with any requirements stated on that form or otherwise published by CAMS.
- (c) CAMS may from time to time set a fee for issuing Media Accreditation to an individual. Where a fee is set by CAMS, an application for Media Accreditation will not be processed, valid or accepted by CAMS until that fee is received by CAMS. The fee, once

paid, will only be for the calendar year (ie. 1 January to 31 December) in which the CAMS Media Accreditation is issued.

- (d) Applications for Media Accreditation will be considered by CAMS. CAMS may ask applicants to submit further information or materials to that which is included in an application.
- (e) CAMS has the sole discretion to accept, vary or reject any application for Media Accreditation in part or in full. Matters which CAMS may take into consideration in considering an application include but are not limited to the following:
 - (i) whether an applicant is a fit and proper person;
 - (ii) past history of compliance with CAMS rules, policies and regulations;
 - (iii) whether an applicant has an actual or perceived conflicts of interest; and
 - (iv) the individuals qualifications and previous work.

4.2 Term

- (a) Where an application is accepted by CAMS, the applicant will obtain Media Accreditation from CAMS for the remainder of the calendar year in which the application is received by CAMS. For example, if an application is received on 15 November in a given year, the accreditation given will continue until 31 December in that year.
- (b) Media Accreditation (and associated tabards or other items issued with that Media Accreditation) is not transferrable or able to be sold. Individuals issued with Media Accreditation must ensure that their accreditation is not used by other individuals. Misuse may result in immediate removal of Accreditation at CAMS' discretion.

4.3 Media Accreditation Levels

- (a) Media Accreditation issued by CAMS will be given on three different levels and represent the quality of an individual holding Media Accreditation and their industry standing.
 - (i) **Bronze.** Bronze Media Accreditation is the entry-level category. Bronze level accreditation is unlikely to provide access to top level motor sport events. It is intended for use at a club and state level as a means to gain experience in the industry.
 - (ii) **Silver.** Silver Media Accreditation indicates that the individual is competent, experienced and that their work is currently being published. Individuals may need to show venue operators, Event organisers or promoters at interstate Events that they have an assignment which requires their presence or are striving to gain further experience in order to achieve Gold Media Accreditation.
 - (iii) **Gold.** Gold Media Accreditation indicates a higher degree of professionalism in a commercial sense and that the individual's work is being published in national motoring and motor sport publications on a regular basis. Attendance at a number of national motor sport Events throughout the season is likely to be required.
- (b) An individual holding Media Accreditation is not entitled to any certain access or rights at an Event solely on the basis of an Accreditation Level. Rights and access at an Event remain at the discretion of the Event organiser.

4.4 Removal of Accreditation

CAMS may, in its sole discretion, remove or vary an individual's CAMS Media Accreditation at any time for any of the following reasons:

- (a) a breach of this Policy or any other policy, regulation or rule issued or published by CAMS; or
- (b) the occurrence of any other matter listed in regulation 183 of the NCRs.

4.5 Display of CAMS Media Accreditation

When at an Event, individuals with CAMS Media Accreditation who are making recordings must wear a valid and current tabard issued by CAMS at each Event and not wear that tabard:

- (a) in a year in which it is not valid; or
- (b) where the individual's CAMS Media Accreditation has been removed by CAMS or not renewed.

4.6 Licence to CAMS

- (a) Individuals with CAMS Media Accreditation give CAMS a licence to use, reproduce and modify any recordings they have made at an Event (including any publications or reproductions of those recordings) (Event Media) for the purposes of CAMS operations. CAMS will not seek to commercialise any Event Media for profit unless otherwise agreed.
- (b) In relation to any Event Media, individuals with CAMS Media Accreditation will within a reasonable period of time of receiving a request by CAMS
 - (i) deliver that Event Media to CAMS within a reasonable period of time; and
 - (ii) cover the reasonable costs of complying with CAMS' request.

4.7 Accredited Media Under 18

Media under the age of 18 may apply for CAMS media accreditation, but require a parent/guardian to sign their approval on the application form.

Any accredited media under the age of 18 are bound by the CAMS Junior Officials Policy and must have an adult CAMS accredited media representative act as their supervisor at all times.

4.8 Release and Indemnity

In both applying for and in using any CAMS Media Accreditation, all individuals agree:

- (a) that motor sport is an inherently dangerous activity;
- (b) to assume all risk of loss or damage in attending an Event; and
- (c) to the terms and conditions of CAMS' disclaimer which is available on the CAMS website (www.cams.com.au)

5. Media Rights

Media Accreditation does not guarantee entry to an Event. Individuals with Media Accreditation may be granted access and other rights and privileges to make a recording at an Event which are not normally available to spectators at that Event. The organiser of an Event has the sole right to determine what access and other rights and privileges may be granted to individuals with Media Accreditation. Media may often be required to apply for Event specific media accreditation, which is a separate process and having CAMS Media Accreditation does not guarantee an application for Event accreditation will be accepted.

6. Recording Obligations

Individuals at an Event must:

- (a) comply with the CAMS Media Guidelines;
- (b) take all necessary steps to ensure their own safety and the safety of those around them; and
- (c) comply with all:
 - (i) policies, procedures, rules and regulations of CAMS, track owners and the Event manager (including but not limited to the NCR's);
 - (ii) directions issued by officials; and
 - (iii) laws.

7. Consent

- (a) It is the responsibility of individuals at an Event to ensure at all times that they have necessary consent as required at law from all individuals (and potentially guardians where an individual is under the age of 18) in a recording before using that recording.
- (b) It is recommended that Accredited Media obtain a valid Working With Children Check for their state, as some Event organisers may make this a condition of accreditation.
- (c) Individuals at an Event should pay particular regard to recordings which may be used for commercial purposes, where the subject is under the age of 18 or where the subject may consider that a recording is potentially or actually:
 - (i) unwarranted or intrusive;
 - (ii) indecent; or
 - (iii) defamatory.

8. Insurance

Once Accreditation is paid and issued by CAMS, Accredited Media will receive personal accident insurance through CAMS which provides for a certain amount of compensation in the event you are injured. Without this insurance from CAMS you will NOT be covered for any injuries you suffer at an event.

9. Drones/RPA

The use of drones and Remote Piloted Aircraft (RPA) is strictly regulated and not allowed at any event without prior written consent from CAMS *and* Event Organisers. Anyone wishing to use a drone/RPA should familiarise themselves with the relevant CAMS policy. Any Accredited Media using a drone/RPA at an Event without proper consent will have their CAMS Media Accreditation immediately revoked.

This policy was updated on 1 January 2019.
